1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Atty: Brian Mancini on March 08, 2005.

The application has been amended as follows:

In claim 15, on line 3 after "region" insert -- , wherein the multilayer circuit board comprises a fiberglass-weave epoxy material"; on line 6 after "to be bent" insert -- , the grooves are cut at least half way through the rigid circuit board --.

Claim 16 has been canceled.

2. The following is an examiner's statement of reasons for allowance: there is no teaching in the prior art directed to a flexible circuit board that has a cut which is at least halfway of the circuit board thickness at the bending region.

3. Claims 15, 17-20 are directed to a process of making the product, which is fully commensurate in scope with the allowable claims. As such, these claims are patentable based on In Re Ochai, 37 USPQ 2d 1127 (1995) and In re Brouwer, 37 USPQ 2d 1663 (1995), and therefore claims 15 & 17-20 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Cathy Lam whose telephone number is (571) 272-1538. The examiner can normally be reached on 9am-6pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Deborah Jones can be reached on (571) 272-1535. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
